

IPH-160U/165U USB Series

IPH160U Monaural USB Headset

IPH160UC Monaural USB headset is for the customers at PC based calls. This model give the great comfort wearing for all day long users, noise cancelling for clear call and acoustic shock protection device for customers

IPH165U Stereo USB Headset

IPH165UC USB stereo headset is for the customers at PC based calls with both ear wearing.

This model give the great comfort wearing for all day long users, noise cancelling for clear call and acoustic shock protection device for customers

IPH-160U/165U USB Series

FEATURES

- On-Chip voice/audio Digital Signal Processing(DSP)
- USB Plug and Play
- USB CODEC.2.0,full speed
- Noise cancelling microphone
- Wideband frequency range
- Acoustic shock protection
- Bended boom arm for optimal microphone positioning
- Inline controls- call ON/OFF, microphone mute and speaker volume control
- Compatible with Skype for Business(Lync),Avaya,Cisco system

Technical Specification

Receiver unit

Impedance: $32 \Omega \pm 15\%$ at 1kV

Sensitivity(SPL) : $103\text{dB} \pm 3\text{dB}$ at 100mV

Frequency Range : 100hz~10kHz

Microphone

- Directional Characteristic : Bi-directional
(=Noise Canceling)
- Sensitivity : $-47 \pm 4\text{dB}$ (0db=1V.Pa, 1KHz),
RL=2.2k Ω , Vcc=2.0V.
- Impedance : Less than 2.2k Ω at 1kHz
